** FEBRUARY 2011 ISSUE **

January Meeting

- The January meeting had happy DEC Members ensconced at the world headquarters of Comfort Engineers. Amidst swirling sub sandwiches and sodas (yikes!) attentive DEC members viewed “The Crumbling of America”, a special movie concerning all things infrastructure-ish.

February Meeting

- Join us at Croasdaile, this Thursday- February 10, for a stellar event! The City of Durham will present information about the resurfacing project of Revere Road in the Parkwood Subdivision. Mike Close, PE of Contech and Terri Gaddy of ACF will be guest speakers.

Tidbits

- Many a Valentine has wished for a Durham Engineers Club membership. Some just can’t vocalize what is painfully obvious to everyone else. Make your Valentine’s dream come true! Sign him/her/them up today!
- Happy Engineers Week (February 20-26) to you and yours! Send along your annual E-Week traditions and we will gladly publish them in an upcoming edition! (No profanity, kinkyness or vulgarity in submittals, please.) Our special hoc “What-Ever-It-May-Be-That-Could-Possibly-Interest-Engineering-Types” Committee will regurgitate the bestest, mostest fantastical entry to award the usual DEC prize. (See February Leap Year Newsletter for what that is.)

Next Meeting:

March 10 Croasdaile Our Muy Importante ‘especial’ guest speaker William Rohe. He will give a riveting talk on something that you need to hear. Undoubtly this will be a huge meeting. See and be seen! Hob-nob, kvetch, something.....

***** This space needs oomph *****
