May Meeting

Dave Brown, P.E., a Civil Engineer with the City of Durham, gave a very entertaining and humorous talk entitled, "Engineering? Heck, That's the Easy Part!" He chronicled his journey to a remote village in Waspam, Nicaragua. His group, the Research Triangle Professionals Chapter of Engineers Without Borders, assessed drinking water supplies.

We presented our DEC 2010 Scholarship Awards! The winners were all from the very impressive Engineering Program at Riverside High School. They were: Stephen Odom, Adam McKenzie and Caitlin Brooks. We know these talented students will do great things for the field of Engineering in the future!
