Dear Fellow Professional :

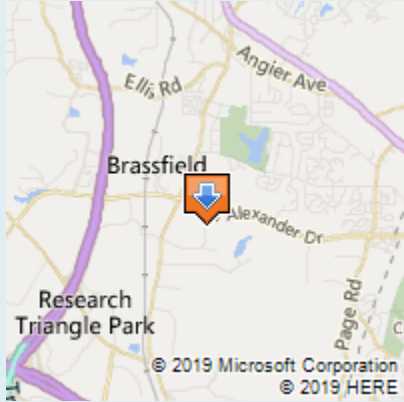

Please consider this special invitation to attend our field trip on Thursday, July 18, 2019 from 6:00 to 7:00 PM.

Tour description:

## Where

### PowerSecure

4058 Stirrup Creek  
Building 4B  
Durham, NC 27703

[Driving Directions](#)

## Upcoming Meetings:

**September 19 - Durham**  
**Pedestrian Bridge**  
**Lighting**

We will see PowerSecure's process for manufacturing switchgear and diesel generators. The tour will start in the sheet metal area, showing; the laser, press breaks, and sheet metal punch. After this we will see the welding and lite assembly areas. Following this will be the Powder Coat area with a short tour of the wastewater treatment plant. Then we will move on to the powergen assembly area. Concluding the tour will involve a trip through our 891 shop. Here we will see the assembling of UL891 switchgear. Any and all questions are welcome.

## Bios:

Jonathon Miller: PowerSecure's Distributed Generation Plant Manager, his time being with Powersecure over ten years. Jon has a background in electrical engineering, and a passion for building everything sheetmetal.

Abby Coulter: PowerSecure's Customer Engagement Coordinator, Abby has been with the team for 3 weeks and is leading the Microgrid 360 DI Campus Tour management. With a background in efficiency and sustainable design, Abby is glad to be a part of the distributed infrastructure sector.

## Safety Requirements:

Closed-toes shoes and safety glasses. PowerSecure will provide extra safety glasses for those without.

**There is no cost for this field trip.**

1 PDH will be provided; a terrific bargain! Please join us for this great tour by clicking on the "Register Now" link below, if you cannot attend please let us know as well, and feel free to forward this invitation to as many others as you would like using the button below.
